Hi Nicole,

Still haven't heard anything back from CPSC, and Jackie doesn't know if they're planning on coming either. If I hear anything before the end of the day we can add it to the weekly.

- <!--[if !supportLists]--><![endif]-->On June 10, a group of EPA staff and managers from ORCR and ORD- as well as members of the Centers for Disease Control - will be visiting the [REDACTED] tire facility in [REDACTED] **Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]**
Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]
[REDACTED] This visit is in support of the multi-agency research action plan on the use of tire crumb on playing fields and playgrounds (www.epa.gov/tirecrumb). The purpose of the visit is to observe and learn about the tire crumb manufacturing process and provide participants with an opportunity to ask questions about the source and variability of scrap tires, different processing technologies that exist, and other variabilities in the properties of tires.

Hi Chris, just a reminder to please do a write up for the weekly on the [REDACTED] tour... I know you were waiting confirmation from CDC or CPSC if they were attending. So just send me whatever you have by the end of day, thank you!

Hi Managers!

This is your weekly reminder to send Weekly Items. Please send your Weekly entries to Richard and me by COB Wednesday the 25th.

As a reminder, the report is forward-looking with items occurring/continuing between May 31st and June 10th. If an important meeting or item occurred in the last two weeks and we didn't have it on the report, feel free to submit. Also please remember we have a 60 day outlook for all speaking engagements and all public announcements (rules, memos, web postings).

Please submit entries for ALL outside presentations or meetings; documents or packages that need OLEM review or signature; and upcoming project/rule milestones and/or accomplishments. Attached, for your reference, is last week's Weekly.

Thank you!

Meghan
